

# BE SAFE ENJOY THE COMMUTE

## Commuter

Start by commuting one day a week and ease into a routine.

## Safety

Always ride in the direction of traffic.

Sidewalk riding is a leading cause of crashes with vehicles. Always yield to pedestrians and use caution at intersections.

## Law

Bicyclists have the same rights and duties as vehicles.

## Right Hook:

### Don't Get "Right Hooked"

Being to the right of vehicles at intersections can result in being in the blind spots of motorists or having to avoid turning vehicles. Place yourself in line with vehicles at intersections.

## Dooring:

### Don't Get "Doored"

Always ride outside the door zone of parked vehicles by traveling at least four feet to the left.
